VR Wellness

[exhalexr.com](http://exhalexr.com) | [info@exhalexr.com](mailto:info@exhalexr.com)

The Exhale XR | VR Wellness library is a great in addition to your daily well-being routine. This virtual collection is a library of bright, beautiful, 360°calming immersions.

Exhale XR's main goal is to quickly transition the viewer into a fully immersive 360° space, that will instantly provide a sense of calm.

## Device & Software Requirements

- 1 smartphone
- 1 cardboard or plastic VR headset
- 1 enterprise app download

The logo for 'exhaleXR' features a stylized brain icon composed of circuit-like lines and colored nodes (yellow, blue, pink) above the text 'exhaleXR' in a light blue, rounded font. The background is a blurred image of a person wearing a VR headset.

Branded Cardboard	\$2.99-\$3.99
Higher quality plastic sets	\$9.99+

## Compatible Smartphones

iOS Apple & Android VR compatible smartphones.

We recommend looking for bulk or wholesale sellers on top platforms like:

**Amazon  
or  
Alibaba**

## Alternative Options

When the situation allows, suggest the guest or client download the Exhale XR | VR Wellness app for individual viewers on their device, **at their cost.** \*see privacy policy and EULA for details

This option allows small-medium events and companies to save on the highest costs of displaying VR content, the cost of smartphones and licensing.
